WARRANTY:	1 year

Rice Warmer

Commercial Grade | Keeps Large Portions of Rice Warm | 55 portion capacity

Sourced & tested by Roband Australia’s engineers to meet the needs of Australia’s diverse food service establishments. Robalec rice warmer keeps rice already cooked, warm until it’s served, freeing up the rice cooker for further production. With 55 portion capacity, the warmer enables establishments to pre-prepare rice in their cooker and hold large volumes of cooked rice warm in this appliance to manage demand during peak periods.

SW9600
